

CONSUMABLES FOR V-PRO® LOW TEMPERATURE STERILIZATION SYSTEMS

Consumable products for V-PRO® Low Temperature Sterilization Systems help safe-guard your delicate instruments and optimize the use of your V-PRO Sterilizer.

MANAGE Sterility Assurance

Biological and chemical indicators provide evidence that sterilization conditions have been achieved.

MINIMIZE Human Error

Easy-to-read process indicators, chemical indicator tape and record cards provide visual feedback on load status and contents.

PROTECT Your Instrument Investment

Trays for V-PRO Sterilizers encase delicate devices in a protective barrier so they arrive ready for procedure.

VAPROX[®] HC STERILANT

containing 59% Hydrogen Peroxide, is designed specifically for use in all V-PRO Sterilizers.

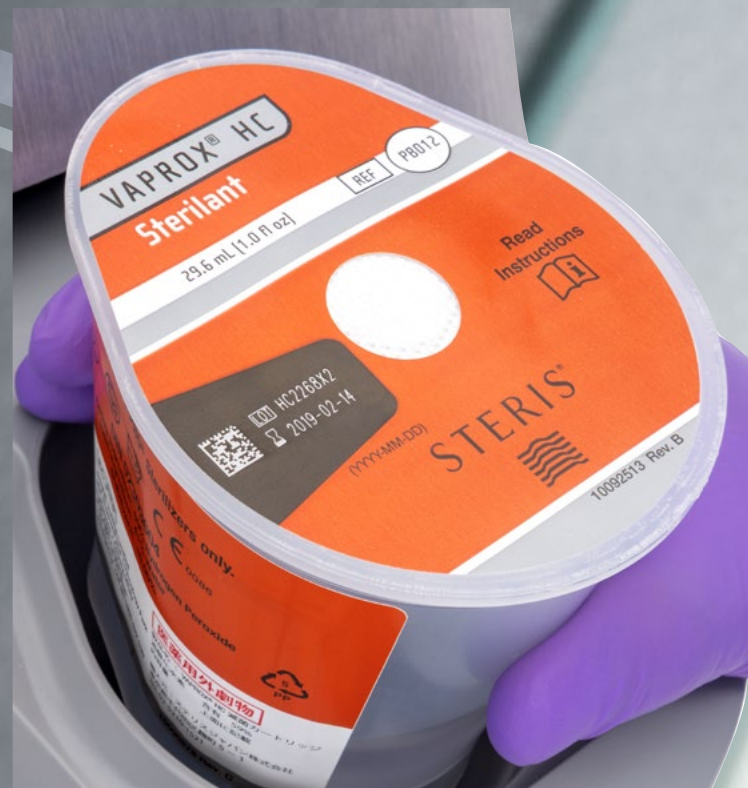

Now available for V-PRO maX 2 and s2 Sterilizers, the new smart cup of VAPROX HC Sterilant is designed to help save time and expense from wasted sterilant. The smart cup automatically identifies if you are running low on sterilant or the expiration date is approaching, so you are able to better maximize sterilant usage.

STERILANT AND STERILIZER CONSUMABLES

SKU	Description	Quantity
PB007*	VAPROX [®] HC Sterilant	3 cups/box
PB011**	VAPROX [®] HC Sterilant Sterilant Smart Cup	3 cups/box
PB028*	VAPROX [®] HC Sterilant (Air Ship)	4 cups/box
PB012**	VAPROX [®] HC Sterilant Smart Cup (Air Ship)	4 cups/box
P093929-020	Impact Printer Paper	3 rolls/box
P150828-440	Impact Printer Ribbon	2 rolls/box
10092602	Thermal Printer Paper	3 rolls/box

VAPROX HC Sterilant Smart Cup information on the V-PRO maX 2 and s2 Low Temperature Sterilizers

*PB007: 15 cycles/cup for V-PRO maX, V-PRO 1 Plus and V-PRO 1 Sterilizers; 20 cycles/cup for V-PRO 60 Sterilizers. PB028: 4 cycles/cup for V-PRO maX, V-PRO 1 Plus and V-PRO 1 Sterilizers; 5 cycles/cup for V-PRO 60 Sterilizers.
 ** PB011: 15 Standard cycles/cup for V-PRO maX 2, V-PRO maX, V-PRO 1 Plus and V-PRO 1 Sterilizers; 20 cycles/cup for V-PRO s2 and 60 Sterilizers; 30 Fast Non Lumen cycles/cup V-PRO maX 2 Sterilizer, and 30 Fast cycles/cup for V-PRO s2 Sterilizers. PB012: 4 Standard cycles/cup for V-PRO maX 2, V-PRO maX, V-PRO 1 Plus and V-PRO 1 Sterilizers; 5 cycles/cup for V-PRO s2 and 60 Sterilizers; 8 Fast Non Lumen cycles/cup V-PRO maX 2 Sterilizer, and 8 Fast cycles/cup for V-PRO s2 Sterilizers.

TRAYS AND TRAY ACCESSORIES

Designed specifically for V-PRO® Low Temperature Sterilization Systems, PRO-LITE™ Sterilization Trays make the most of your investment and optimize the sterilization process. The sterilization trays offer a range of size options, all optimized for the dimensions of V-PRO Sterilizers.

PRO-LITE™ STERILIZATION TRAYS FOR V-PRO STERILIZERS

SKU	Description	Quantity
VP0045	13" x 4.5" x 2.25" Sterilization Tray	Tray and lid set
VP0046	19" x 4.5" x 2.25" Sterilization Tray	Tray and lid set
VP0047	25" x 4.5" x 2.25" Sterilization Tray	Tray and lid set
VP0048	13" x 7.75" x 2.25" Sterilization Tray	Tray and lid set
VP0049	19" x 7.75" x 2.25" Sterilization Tray	Tray and lid set
VP0050	27" x 7.75" x 4" Sterilization Tray	Tray and lid set
VP0051	12" x 11.75" x 4" Sterilization Tray	Tray and lid set
VP0052	25" x 11.75" x 4.5" Sterilization Tray	Tray and lid set
VP0053	25" x 14" x 5" Sterilization Tray*	Tray and lid set

ORGANIZER CLIPS FOR V-PRO STERILIZERS

SKU	Description	Quantity
VP0063	Instrument Organizer Tall, 3mm to 7mm holder diameter	5 per pack
VP0064	Instrument Organizer Tall, 7mm to 11mm holder diameter	5 per pack
VP0065	Instrument Organizer Tall, 11mm to 15mm holder diameter	5 per pack
VP0066	Instrument Organizer Tall, 15mm to 19mm holder diameter	5 per pack
VP0054	Instrument Organizer Tall, Blank	5 per pack
VP0067	Instrument Organizer Short, 3mm to 7mm holder diameter	5 per pack
VP0068	Instrument Organizer Short, 7mm to 11mm holder diameter	5 per pack
VP0069	Instrument Organizer Short, 11mm to 15mm holder diameter	5 per pack
VP0070	Instrument Organizer Short, 15mm to 19mm holder diameter	5 per pack
VP0055	Instrument Organizer Short, Blank	5 per pack
VP0056	Kit	5 of each pack

Silicone Mats are lightweight, durable and feature flexible prongs which loosely grip instruments.

TRAY MATS FOR V-PRO STERILIZERS

SKU	Description	Quantity
VP0071	13" x 4.5" V-PRO Sterilization System Tray-Mat	1 per pack
VP0072	19" x 4.5" V-PRO Sterilization System Tray-Mat	1 per pack
VP0073	25" x 4.5" V-PRO Sterilization System Tray-Mat	1 per pack
VP0074	13" x 7.75" V-PRO Sterilization System Tray-Mat	1 per pack
VP0075	19" x 7.75" V-PRO Sterilization System Tray-Mat	1 per pack
VP0076	27" x 7.75" V-PRO Sterilization System Tray-Mat	1 per pack
VP0077	12" x 11.75" V-PRO Sterilization System Tray-Mat	1 per pack
VP0078	25" x 11.75" V-PRO Sterilization System Tray-Mat	1 per pack
VP0079	25" x 14" V-PRO Sterilization System Tray-Mat*	1 per pack**

*Is not designed to fit into the V-PRO 60 or s2 Sterilizers
 **Two approximately 7" x 25" mats in each pack

POUCHES

Vis-U-All™ Low Temperature Sterilization Pouches combine durable Tyvek®^{®1} materials with a clear 2.0 mil plastic film to offer a wide variety of pouch sizes and styles. Options include roll tubing for customization of pouch lengths, convenient self-seal designs, and heat seal designs.

VIS-U-ALL™ LOW TEMPERATURE HEAT SEAL POUCHES*

SKU	Quantity	Size	ID
885037	100/bx, 10 bx/case	3" x 7"	2 ¹ / ₄ " x 5 ³ / ₄ "
885049	100/bx, 10 bx/case	4" x 9"	3 ¹ / ₄ " x 7 ³ / ₄ "

INDICATOR AND INCUBATOR

The **Celerity™ 20 HP Biological Indicator** is a rapid-read, single-use biological indicator designed to monitor vaporized hydrogen peroxide sterilization processes, providing a final read within 20 minutes of incubation.

The **Celerity™ HP Incubator** heats the activated Celerity 20 HP Biological Indicator to temperatures which promote the germination, metabolism, and subsequent detection of viable test organisms under evaluation.

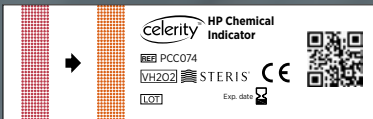

INDICATOR TAPE

The **VERIFY™ [VH202] Indicator Tape** provides strong adherence to synthetic materials combined with an easily interpreted color change to confirm chemical exposure.

INTERNAL INDICATORS

The **Celerity™ HP Chemical Indicator** provide fast and reliable recognition of sterilant penetration. Placed in every pouch, container or wrapped item, the process indicators detect failures in sterilant penetration which may have occurred during the sterilization process.

RECORD CARDS

The **Verdoc™ Vaporized [VH202] Record Card with Process Indicator** provides permanent documentation of load contents. Constructed of hydrogen peroxide compatible Tyvek, the record card may be placed inside the load. The process indicator provides clear evidence of exposure to sterilant.

CHEMICAL AND BIOLOGICAL INDICATORS

SKU	Description	Quantity
LCB044	Celerity™ 20 HP Biological Indicator	25 per box
LCB045	Celerity™ 20 HP Biological Indicator Challenge Pack	5 per box/5 controls
LCB046	Celerity™ HP Incubator	Each
LCB020	VERIFY™ V24 Self-Contained Biological Indicator	50 per box
LCB005	VERIFY™ V24 Challenge Pack	5 per box/5 controls
LCB004	HP Activator for VERIFY™ Self-Contained Biological Indicator	Each
S3271	VERIFY™ 6 Vial Incubator	Each
S3082	VERIFY™ 28 Vial Incubator	Each
PCC074	Celerity™ HP Chemical Indicator	200 per box
PCC070	VERIFY™ [VH202] Indicator Tape	1 roll per box
PCC071	VERIFY™ [VH202] Indicator Tape	6 rolls per box
RK033	Verdoc™ Vaporized [VH202] Record Card with Process Indicator	50 per box
PCC048	VERIFY™ Vaporized [VH202] Process Indicator Adhesive Label	1000 per roll

Driven by real-time data delivered from your V-PRO maX 2 Sterilizer and Celerity HP Incubator to your facility's tracking system, ConnectAssure Technology allows your staff to focus on what matters most — supporting the OR.

- Complete sterilization records in one place
- Reminders for regular maintenance tasks
- Essential reporting for compliance
- Demonstrate compliance over a defined period
- Eliminate lost or incomplete sterilization records

No tracking system?

No problem.

ConnectAssure Technology has a robust interface that allows all the benefits of the software without a facility tracking system.
